NOTE: THIS SHEET MUST BE HANDED IN WITH YOUR DEVELOPING NATION PROJECT
MARK = 25 CHECKPOINTS/COMPLETION MARKS
1a) Define and explain the meaning of HDI.

1b) Describe how the HDI is calculated. What criteria is used?

Choose one developing country that you would like to research. Look up the HDI rankings of your country from the HDI report. Click on Scroll down to Page 152 or select “Chapters /Human Development Indicators” under the list of chapters for the 2013 report.

2. What is the overall ranking of this country and the level of life expectancy, literacy, and GDP per capita?

3. Compare this country to Canada. How does it differ?

4. What factors may account for this level of development? To help Go to back the map of the Developing World. http://worldmap.canadiangeographic.ca/

Use the “Select a theme” tool to display maps for:

- Human Development
- Population
- Poverty and Hunger
- Environment

Carefully examine and compare maps as you view them. Visually correlate and identify regional patterns that may be related.
